**UPDATE**

**16 - 29 November 2005**

*Dear Friends*

*Greetings in Jesus' Name!*

*What a joy to report on this outreach. Our goal was to share 'The Standard for Disciple Making'..*

*What was so great about this was that Pst. Dan Baugh (The Light-house, Lake Jackson, USA), brought his wife Betty to teach the women the same thing. John and Cindy Baugh also came along to teach. Dan is discipling his brother, John and what came through very clearly as the training progressed, was the 2 Tim 2:2 principle.*

*"The things you have heard of me in the presence of many witnesses, teach faithful men who will be able to teach others also."*

*Dan is also pretty much a father in the Lord to me and through his life, ministry and marriage has a wonderful impact on my life to persevere in disciple making and maturing more and more in my marriage to Jeni. It was wonderful to watch them model ministry together and to see the wonderful relationship of love and respect they have for one another.*

Another highlight was to watch Dan and Betty, John and Cindy model the Priscilla/Acquilla model of training.

Our first two conferences were in Lusaka and we consistently had about 37 men at the leadership conference held at Rocky View Baptist Church, Lusaka. Many thanks to pastor Moses Zulu for organizing this event and supervising all the conferences that were held. The women's conference was about 60 women. The third conference was in Choma.

In Choma here were mixed women and men leaders of 7 different denominations (about 40 all told). Dan & John were present while their wives taught the mixed group. This teaching time reiterated the tremendous need for ministry couples to speak into and build into the lives of people in various churches. Our need for more mature women disciple makers is great in the areas of ministry where we work.

**There was a real spirit of humility and hunger among the participants and many stated the need for the teachings given. The real crisis is of course, is that everyone talks about disciple making, but have few practical and mental handles to really grab hold of it to make implementation possible.**

**Thanks to Dan, John, Betty and Cindy for their wonderful participation and attitude despite getting sick. They were real troopers.**

Many doors opened for future opportunities, so please pray with us to know to go exactly where the Lord is leading.

**Many thanks to our Heavenly Father for His watchful care, our Lord Jesus Christ for His grace and love and the Holy Spirit who strategically places us.**

**Thank you also to all who prayed for us.**

**Love in Jesus**

**IMD Africa Team**

**We preached the gospel, showed the Sammy Tippit message on DVD and the Jesus Film.**

**The focus of the conferences was:**

**The Standard of Disciple Making**

**materials developed by Herb Hodges (Spiritual Life Ministries).**
